| Group 3: 71 - 100 members   | Group 6: 251 - 574 members |                              |

## I NEVER KNEW THAT...

### *The History of Saint Valentine's Day*

Valentine's Day started in the time of the Roman Empire. In ancient Rome, February 14th was a holiday to honor Juno. Juno was the Queen of the Roman Gods and Goddesses. The Romans also knew her as the Goddess of women and marriage. The following day, February 15th, began the Feast of Lupercalia.

The lives of young boys and girls were strictly separate. However, one of the customs of the young people was name drawing. On the eve of the festival of Lupercalia the names of Roman girls were written on slips of paper and placed into jars. Each young man would draw a girl's name from the jar and would then be partners for the duration of the festival with the girl whom he chose. Sometimes the pairing of the children lasted an entire year, and often, they would fall in love and would later marry.

## ASIS FOUNDATION — MATCHING SCHOLARSHIP PROGRAM

During our Wednesday, January 25th ASIS Cincinnati Tri-State Chapter meeting Chad Webrman was the recipient of the 2011 ASIS Foundation Matching Scholarship Award. Chad submitted his application for consideration in November 2011, was selected by the Chapter Foundation Committee and eventually received a check in the amount of \$1500.00. Chad is currently working on his Masters of Science at University of Cincinnati. The check will certainly help Chad to offset his costs as he continues to complete his education. Any Chapter members wishing to participate in this scholarship program in 2012 are encouraged to get their applications by the end of October or early November. If you have any questions at all concerning the scholarship, please contact Mark Mason, Chapter Chairman.
